BOA®
SAFETY SOLUTIONS

WEAR SAFETY. WEAR OUTLAW.

FIT FOR USE

The OUTLAW shoe is suitable for clean work environments such as warehousing, light manufacturing, light engineering, driving, light construction, etc. The OUTLAW shoe is a value-for-money style that offers comfort and function for short to mid-term use.

Care should be taken to prevent exposure to chemicals and water at any time. Regular polishing and careful cleaning of dirty footwear is recommended. Users must ensure that correct foot protection is used at all times. Consultation with a professional safety representative to ensure suitability to site and environment before use is recommended.

The user is responsible for determining the suitability of the products for their intended use.

Product life will be extended by regular daily cleaning & the application of polish.

UPPER

Genuine buffalo leather split, padded tongue & collar for comfort and 200J steel toecap impact protection.

SOLE

Polyurethane sole, heat resistant to 90°C, antistatic, oil resistant & excellent abrasion resistance, ladder grip on foot arch (better grip when on ladders), rated SRC for slip resistance.

- 1 200J STEEL TOECAP
- 2 PADDED TONGUE & COLLAR
- 3 HI VISIBILITY REFLECTIVE PIPING
- 4 OIL RESISTANT SOLE
- 5 ANTISTATIC SOLE
- 6 POLYURETHANE SOLE
- 7 TOE BUMPER

Conforms to EN20345-S1 & registered with NRCS
